DIFFERENTIATORS

Scovill Construction & Contracting Services LLC, is a Construction Management and consulting company geared to serve Federal, State and Commercial construction needs. We are available to be your General Contractor, Owner's Representative, augment your Project Management team, act as liaison for Specialty Professional Services and assist with materials procurement. We are uniquely poised to serve either Contractor or Owner interests of a construction build, and the duration of our agreement can be flexible. Regardless of what role we fill for your team, our work will always be performed with professionalism, knowing the value of our relationship is paramount.

We draw on well-established relationships with extensive industry experience and excel at bringing diverse parties together for a common goal. This synergy facilitates delivery of high-quality builds in partnership with Owners, General or Trade contractors, and Government entities. As we grow, our focus is on creating a company that provides sustainable and rewarding employment to those who have served our country. Not everyone can serve in the military or domestic front lines, but by partnering with Scovill Construction and Contracting Services LLC, anyone can serve those who sacrificed so much for the country and communities we call home.

As a Veteran-founded and service focused company, Scovill Construction will redefine what it means to SERVE.
